## MISSION

The mission of the Home 2 Recovery Program is to assist homeless people to obtain and maintain housing and to live independently in the community.

## SERVICES

Assertive Community Treatment (ACT) is an evidence-based model of care. The ACT Team provides comprehensive, community-based treatment to homeless individuals with serious mental health and substance abuse issues who have not benefited from traditional approaches to treatment. This multi-disciplinary team of professionals includes psychiatrists, nurses, case managers, peer counselors and employment specialists. Rehabilitative services, treatment and support are individualized, depending on the person's needs. Services include:

Assertive case management

Assistance in obtaining benefits, employment, food, housing (non-financial), legal assistance, medical care, transportation, vocational services

Linkage to community based services

Medication management

Mental health and substance abuse treatment

## GOALS

The Home 2 Recovery Program is dedicated to providing homeless individuals with substance abuse and serious mental health issues with the support, treatment, and rehabilitation services they need to continue living in the community. Our goals include:

### End homelessness

Actively partner in treatment for mental and physical health care

Experience greater satisfaction and personal choices in all aspects of daily life

Improve quality of life

Increase housing stability

Nurture healthy social relationships

Obtain and maintain paid employment

Reduce hospitalizations

Support educational activities
