MISSION

The mission of the Florida Assertive Community Treatment Team (FACT) is to promote, develop, and support high quality assertive community treatment services that improve the lives of people with serious and persistent mental illness by promoting recovery and empowerment through partnering, self-determination and personal choices.

SERVICES

The FACT Team is dedicated to assisting severe and persistent mentally ill people who do not respond to traditional services such as outpatient or day treatment. Our individualized care includes:

- Activities and life skills
- Case management
- Housing assistance
- Individual and group therapy
- Linkage to primary care and dental services
- Medication management, administration and monitoring
- Psychiatric services
- Vocational assistance

GOALS

This evidence based model of care is designed to assist people to live as independently as possible in the community. The focus is on rehabilitation and recovery using individualized treatment plans.

Goals include:

- Advocating for greater satisfaction and personal choices in all aspects of daily life
- Fostering physical and mental well being
- Nurturing healthy social relationships
- Pursuit of paid employment
- Reducing number of hospitalizations
- Reducing symptoms
- Support of education
